Control-Inflator

For inflating and controlling cuff pressures on Tracheal Tubes with High-Volume, Low Pressure Cuffs

- Control Inflator attaches quickly and easily to the Cuff Inflation Line.
- Incorporates a cuff inflator which makes syringes and complicated connections unnecessary.
- The air-release button and cuff inflator allows cuff pressure to be varied simply and easily.
- A one year Guarantee is proof of reliability.

ITEM	CODE
ETT Cuff Control Inflator	54-04-000
